Minutes taken by: Patricia Baker

Welcome by Kim Crabtree. Thank you to Jennifer Willis and committee for the work on the Summer Workshop. Introduction of 2011-12 Officers including those not present. This is a short meeting to review goals and start thinking about committee chairs for next year.

- Minutes of previous meeting not available
- Financial Report not available – will be reviewed at October meeting.

Committee Reports

August Workshop: Approximately 700 attendees. So far it's smooth. Thanks to all for participating and instructing. Discussion on Chair for next year. Jennifer will help find instructors but not Chair, Dawn will help with Registration, Shelly volunteered to help. Discussion followed on amount of work and skills needed – please bring thoughts to October meeting.

Poster Contest: Charisse Wall chaired last year – 394 entries. She will give all notes to new Chairperson. Kristy Kalina from Sherwood was invited to Chair.

Winter Workshop: Jean Frazey will organize, please send suggestions for speakers and topics of interest.

Safety Exercise: Kim and Sandy reported that Teri Brady is Chairing with a good committee. She is already working on ideas.

State Board: Steven Huillet reported 1) Legislative Session is over, new Legislative Committees will meet in October. 2) Federal Standards changing on Oct 21, 2011 on vehicles 10,000 GVW and under must have Child Restraints and lap/shoulder belts. ODE update standards any school bus manufactured after that date will require lap/shoulder straps. 3) TJ is working with an email committee on Rule Revisions. There will be a huge change in coming expanding from about a dozen rules to 45 rules. They will be set up in related subsections by topic. There will be definitions for everything. This is expected out by July 1, 2012. 4) Question asked of the cost per mile reimbursement – 1st reading will be in October, due by December 2011. 5) DMV is requesting each examiner conduct at least 10 tests per year. DMV would like to reduce the approximate 160 ODE examiners to about 110. If a 3rd party tester is not testing, they should go to ‘inactive status’. They will still go through the recertification process but be inactive. It is an easy process to change to active, if the District needs them. Folks who go through the 3rd Party testing training will remain in-active until their District shows justification of need. 6) ODE is looking new rules making it tighter to become a trainer and tester with the new rule changes. To attend the March BTW class, it is being proposed that a person will be required to be an Assistant Trainer for 1 school year. Then to become a 3rd Party tester, a person must be a Trainer for a full school year.

New Business: Discussion on meetings rotating around area again this year. Request for ideas for the Roundtable discussions. A suggestion was made to have a survey sent out to all members to request topics of concern for trainers. Sandy VanBaggen and Mark Sexton request Wheelchairs and securement as October’s topic.

Introduction of David Schetky: Kim Hevia from Schetky introduced David, who will be handling sales in the Pacific NW area. She passed out brochures on new seats that are easy and quick to exchange manufactured by SafeGuard. Schetky offered to host the October meeting at their location and provide securement training.
